

School Health Services

Dear Parent or Guardian:

As part of your child’s requirements for school, a physical examination is required for children in Pre – Kindergarten and Kindergarten and in Grades 2, 4, 7, & 10. A law was enacted in 2008 that expands health screenings to include the Dental Health of students in New York State.

When we require that your child have a physical examination, we also request a dental certificate as well. Below is a sample certificate available for you to take to your child’s dentist and once it is completed, it should be returned to the School Nurse as it will be filed in your child’s Cumulative Health Record.

Thank you for your cooperation in this new health endeavor. Our students benefit when we work together to promote the health and achievement of all students.

Please call the Our Lady of Lourdes’ Health Office at 631.587.7200 ext. 103 if you should have any questions or concerns.

Sincerely,

School Nurse
